

A GROUP OF DONKEY BOYS. RAILWAY STATION. CAIRO.

Gilette
51

Printed in England.

By Appointment.

Donkey Boys. The Egyptian donkey is a greatly superior animal to the European breed. He is swifter and more spirited, but at the same time more patient and persevering, and still forms the most convenient method of local transport. Herds of donkey boys frequent the railway stations, their importunities causing a scene of great bustle and excitement.

CARTE POSTALE.
